## So, how much does it cost, and what are the benefits?

### Original HGBB Package

We pride ourselves on transparent and honest pricing. HG's Breezy Benefactors cost \$129.00 + tax per appointment. The regular service charge without being a Breezy Benefactor member is \$150.00 + tax.

HG Breezy Benefactor members enjoy a 14% discount on each maintenance, a 20% discount on filters, with service or in-store, and a 10% discount on parts. Parts and filter prices vary. All filters are standard MERV 11 unless otherwise requested.

(Please note these prices are subject to change with inflation. But we will let you know if they do.)

### How does it work?

Our office will add your name, email address, phone number and physical address to our Breezy Benefactors list and email you for spring and fall service. You must email or call us to set up the appointment.

### How do I sign up?

Please provide your email address and indicate which package you are interested in, to your service tech or the office, and we will send you the sign-up sheet. You will not be eligible for discounts if you do not return the signup sheet with a signature. All prices are subject to tax in qualifying areas.

## Testimonial:

Enrique Gutiérrez

*"My A/C capacitor failed overnight, and they were able to visit in the morning. I've always gotten a steady service, but this time they excelled"*

Bruce Roberts

*"I installed my Mr. Cool system and there was a warranty problem right away. Jake and Chris came out and did a full diagnostic and communicated with Mr. Cool to get the right part here and they installed a fancy new thermostat...the service was FANTASTIC and the price was just AMAZING! I'll call them every time! They are in Vancouver and I'm in Hillsboro and they made the trip and did the work cheerfully!"*
